*Most products available in totes. For alternate packaging, contact ITD.

TECHNICAL INFORMATION

Color	Slight Yellow
Odor	Odorless
pH	2 - 3
State	Liquid
DOT	Not Regulated by DOT

Solv-All is a highly concentrated liquid spotter focused on removal of stains such as food, egg, milk, urine, blood, perspiration, discharge and vomit. Solv-All rapidly penetrates and loosens stains and works with steam on hard-to-remove stains. Use with confidence on all fabrics including delicate colors, as Solv-All contains no ammonia.

DIRECTIONS FOR USE:

Apply Solv-All full strength to spot on garment. Carefully work product into fibers to saturate stain. As stain breaks up and dissolves, remove remaining spotter with vacuum and air until dry. When spotting white woolen, pastels and rayon, apply Orenda Brands' Economite as a leveling agent before cleaning to prevent yellowing and redeposition.

Mixing 1 part 'Solv-All' with 8 parts water will create an exceptionally effective spray spotter.

For Industrial Use Only

Storage: Keep Container Closed When Not In Use.
