TECHNICAL INFORMATION

Color	Light Straw
Odor	Odorless
pH	2.1
State	Liquid
DOT	Not Regulated by DOT

Tannaid is an effective spotter for yellow stains including grass stains, coffee, tea, beer, wine, fruit juice, liquor, mustard, dyes and medicine. In addition to removing tannin stains, Tannaid is extremely effective on other difficult stains when used in conjunction with Orenda Brands' Economite.

DIRECTIONS FOR USE:

Apply Tannaid directly to stain. Tamp with brush or manipulate with spatula before flushing with steam. Repeat if necessary. If a trace of stain remains, apply Economite, soaking the area well, then flush with steam.

For Industrial Use Only

Storage: Keep Container Closed When Not In Use.
