TECHNICAL INFORMATION

Color	Orange
Odor	Citrus
pH	N/A
State	Liquid
DOT	Hazardous (d-Limonene)/ Limited Quantity Exemption

Citrus Flush is an exclusive new formula distilled from organic plant and vegetable materials. It contains absolutely no petroleum distillates. It is designed to keep lift stations in sewage treatment systems clean, deodorized and free-flowing. The use of this produt will keep the surface of the lift station free of accumulated grease. As the water level rises and lowers, it cleans the walls of the lift station as well as being an excelent deodorizer. If maintenance of the station is emptied for maintenance work.

DIRECTION FOR USE:

Maintain a 3" layer on top of the water liftstation.

For Drains: First pour 1 - 2 gallons of water into drain. Next pour enouh Citrus Flush into drain to create a 2 - 3" layer. Citrus Flush will immediately deodorize drains and create a chemical barrier to reduce evaportation and provide long-term odor control.
